RESOLUTION #4422

Moved: Cr Bruce Browning

Seconded: Cr Brett Smith

That Council:

ENDORSES the Planning Report attached in support of the conditions of development approval issued by the Mid-West/Wheatbelt JDAP at its meeting on the 9th November 2018 for a Renewable Energy Facility on 19 freehold agricultural lots located approximately 5km north and north-east of the Kondinin townsite comprising up to 46 wind turbines, a 125ha solar farm, energy storage and all associated transmission corridors and infrastructure, subject to further information on items relating to bushfire management, water management and waste management.

------	--	------------------------------------	-----------------------------------

Summary

This report is for Council to endorse the documents submitted thus far in support of the conditions of development approval that was determined by the Mid-West/Wheatbelt JDAP at its meeting on the 9th November 2018 for a Renewable Energy Facility on 19 freehold agricultural lots located approximately 5km north and north-east of the Kondinin townsite comprising up to 46 wind turbines, a 125ha solar farm, energy storage and all associated transmission corridors and infrastructure.

Background

The Mid-West/Wheatbelt JDAP at its meeting held on the 9th November 2018 provided conditional support for a Renewable Energy Facility on 19 freehold agricultural lots located approximately 5km north and north-east of the Kondinin townsite and comprising up to 46 wind turbines, a 125ha solar farm, energy storage and all associated transmission corridors and infrastructure.

The approval was granted with a series of conditions that are currently being addressed by the Applicant. The document attached provides a summary of the conditions and the supporting documentation that has been prepared to date to address the conditions.

As noted in the Planning Report attached, the Project will be constructed in stages with the

supplementary management plans and documents prepared as attached to address Stage One of the Project, which consists of 21 x 6.2 MW wind turbines, with an installed capacity of 130.2 MW. The project will have an operational footprint of approximately 260ha.

The Shire's Planning Officer has read the documentation attached and generally in support of the documentation provided, with a couple of minor comments to be referred to the Applicants.

Construction and Operational Management Plan – Attachment 3

Section 4.4 – with reference to water available at King Rocks and Yeerakine Dam this is not guaranteed and will need to be negotiated with the Shire of Kondinin and the Water Corporation respectively in more detail and incorporated into a more formal Water Sourcing Strategy that is required as a condition of planning approval.

Throughout document – Notting-Karlgarin Road is spelt incorrectly.

Water Sourcing Strategy – Attachment 10

This requires more updated and greater detail before being formally endorsed by the Shire of Kondinin.

Information on the infrastructure at the community standpipes needs to be updated.

------	--	------------------------------------	-----------------------------------

Summary

This report is to provide information and updates in relation to the Discovery Centre Project (the 'Project') and responses to the Business Plan.

Background

Since 2018, the Shire of Kondinin has been working with the Hyden CRC (HCRC) and the Hyden Progress Association (HPA) for construction of a Centre in Hyden for the CRC and to promote tourism for the Shire and region.

An application was made for funding in 2020 but failed to gain financial support. The Working Group has been following through with improving the project and seeking funding.

This Project is in the Shire of Kondinin Strategic Community Plan and Long-Term Financial Plan.

Funding through the Federal Growing Regions Funding is available now and will be the final round of funding under the current funding stream. It is likely that other funding may be

available but details and timeframes are not known and no indication of future funding has been made.

The Working Group are also trying to get funding from State Government to reduce the financial impact of the project for the Shire of Kondinin residents and ratepayers.

As required under Section 3.50 of the *Local Government Act 1995* (WA) a Business Plan was drafted and released for public submission.¹ A copy of the 13 submissions received were provided for Council consideration at the September 2024 OCM. Staff will draft a response to the submissions and consider hosting a community workshop to address community concerns and queries in the future.

Comment

The application for the Federal Growing Regions Funding requires a declaration that the Project be shovel ready at the time that funding is issued. Based on information from the current Architects, the ability to meet the deadline for the documentation is not achievable even if the Shire started early at its own cost. As such, it is recommended that Resolution #4413, that Council approves the CEO to proceed with a funding application under the Growing Regions Funding with the information being presented to Council prior to lodgement if possible, be rescinded by Council.

The updated Cost Benefit Analysis (sent to Council members in late September) indicated a positive impact of the Centre for the Shire of Kondinin

Table 1 CBA Summary Table

Summary	4%	7%	10%
Costs	\$13.57	\$13.04	\$12.63
Benefits	\$35.08	\$27.19	\$21.71
NPV	\$21.52	\$14.15	\$9.08
BCR	2.59	2.09	1.72

Extract from Analysis Report

Staff are looking at obtaining quotes and indications of cost and timeframe for the required documentation to provide some additional details for the application of funding for the Regional Partnerships and Precincts Program (RPPP) funding. If Round 1 funding is approved, we can proceed with Round 2, being the application for funding for the facility. If Round 1 fails then a further application can be made for the documentation. Funding under the RPPP is available until the funds are exhausted.

To strengthen the RPPP application, the consideration of a map showing the tourist items in Hyden forming a precinct was considered advantageous. Staff are currently working on a draft Precinct Master Plan for this. Some final drawings may be required for the Precinct Plan.

The Working Group met with State Government representatives to consider funding from State Government. This process does take time (this also would not have been able to be made by the Growing Regions Funding Application shut off). It should be noted with the RPPP funding that there is no limit to amount of funding being sought and no condition based on a contribution. Therefore, the Shire could seek additional funds for the project in

Summary

This report is to consider a response to a review of the Western Australian Local Government Association’s (WALGA) current and proposed Local Government Election Advocacy Positions. The purpose is to seek the Council’s recommendation for WALGA’s upcoming State Council meeting in December 2024.

Background

The Local Government Amendment Act 2023 introduced several reforms, effective before the 2023 Local Government elections. These reforms included:

- Optional Preferential Voting (OPV)
- Extended election periods due to postal service delays
- New candidate information publication rules
- Provisions for backfilling extraordinary vacancies
- Public election of Mayors or Presidents for larger Local Governments
- Abolishing wards for smaller Local Governments
- Alignment of council sizes with population sizes.

Following the 2023 elections, WALGA conducted an analysis of five election cycles, focusing on postal elections run by the WA Electoral Commission (WAEC). The report highlighted rising costs and a reduction in service quality. In response, WALGA has requested the Council’s review and provide feedback on its current advocacy positions to guide its State Council deliberations.

Following requests from several Zone’s, WALGA undertook a comprehensive review and analysis of 5 ordinary election cycles up to and including the 2023 Local Government election against the backdrop of these legislative reforms. The review and report focused on postal elections conducted exclusively by the Western Australian Electoral Commission (WAEC), with the analysis finding evidence of the rising cost and a reduction in service of conducting Local Government elections in Western Australia.

WALGA has conducted comprehensive consultations with its Zones and member Councils, leading to the development of the proposed revisions to their Election Advocacy Positions. Councils are encouraged to consider these positions and provide formal feedback to be taken to the State Council for a position of WALGA.

Comment

The Elections Analysis Review and Report was presented to the State Council 4 September 2024, with the State Council supporting a review of WALGA’s Local Government Elections Advocacy Positions.

WALGA is requesting Councils consider the current and alternative Elections Advocacy Positions and provide a response back to WALGA for the December 2024 State Council meeting.

To inform an item for the December meeting of the State Council, Council decisions are requested by Monday, 28 October 2024.

Local Governments will also be able to provide feedback through the November round of Zone meetings.

The following is a summary of WALGA's current Advocacy Positions in relation to Local Government Elections:

1.5.15 ELECTIONS

Position Statement: The Local Government sector supports:

1. Four-year terms with a two-year spill;
2. Greater participation in Local Government elections;
3. The option to hold elections through:
 - Online voting;
 - Postal voting; and
 - In-person voting.
4. Voting at Local Government elections to be voluntary; and
5. The first past the post method of counting votes.

The Local Government sector, in general, opposes the introduction of preferential voting. However if 'first past the post' voting is not retained then optional preferential voting is preferred.

Background:

The first past the post (FPTP) method is simple, allows an expression of the electorate's wishes and does not encourage tickets and alliances to be formed to allocate preferences.

State Council Resolutions:

- February 2022 – 312.1/2022;
- December 2020 – 142.6/2020;
- March 2019 – 06.3/2019;
- December 2017 – 121.6/2017; and
- October 2008 – 427.5/2008.

Supporting Documents:

2.5.16 METHOD OF ELECTION OF MAYOR

Position Statement: Local Governments should determine whether their Mayor or President will be elected by the Council or elected by the community.

State Council Resolutions:

- February 2022 – 312.1/2022;
- March 2019 – 06.3/2019; and
- December 2017 – 121.6/2017.

2.5.18 CONDUCT OF POSTAL ELECTIONS

Position Statement: *The Local Government Act 1995 (WA)* should be amended to allow the Australian Electoral Commission (AEC) and any other third-party provider including Local Governments to conduct postal elections.

Background:

Currently, the WAEC has a legislatively enshrined monopoly on the conduct of postal elections that has not been tested by the market.

State Council Resolutions

- May 2023 – 452.2/2023;
- March 2019 – 06.3/2019;
- December 2017 – 121.6/2017; and
- March 2012 – 24.2/2012.

WALGA has requested the following advocacy positions be considered by Councils:

1. PARTICIPATION

- (a) The sector continues to support voluntary voting at Local Government elections.
OR
- (b) The sector supports compulsory voting at Local Governments elections.

Shire of Kondinin (SOK) Position: While compulsory voting will ensure better participation in elections, it will significantly increase the cost of elections as staff will be required to follow up on people who did not vote. For Absent owners, this may also create more 'red tape' as they will have to ensure their vote is counted. It is recommended for voluntary voting to continue.

2. TERMS OF OFFICE

- (a) The sector continues to support four-year terms with a two-year split;
OR
- (b) The sector supports four-year terms on an all in/all out basis.

SOK Position: The two-year split method allows for some continuity of members during a changeover. To have the 'all in/all out' method would strain administrative resources with a complete change of council and no continuity.

3. VOTING METHODS

- (a) The sector supports First Past the Post (FPTP) as the preferred voting method for general elections. If Optional Preferential Voting (OPV) remains as the primary method of voting, the sector supports the removal of the 'proportional' part of the voting method for general elections
OR
- (b) The sector supports Optional Preferential Voting (OPV) as the preferred voting method for general elections.

SOK Position: First past the post is an easier method of counting votes, however, it does allow for a dominant section of a multi town shire to monopolise Council, even though members should be representing the entire shire. For this reason, it is recommended the Shire support Preferential Voting. This may allow a more balanced representation for the Shire.

4. INTERNAL ELECTIONS

- (a) The sector supports First Past the Post (FPTP) as the preferred voting method for all internal elections.
OR
- (b) The sector supports Optional Preferential Voting (OPV) as the preferred voting method for all internal elections.

SOK Position: Internal elections would be more for President or Chair for a committee. To simplify this process, the first past the post is recommended.

5. VOTING ACCESSIBILITY

The sector supports the option to hold general elections through:

- (a) Electronic voting; and/or
- (b) Postal voting; and/or
- (c) In-Person voting.

SOK Position: While all 3 forms of voting are possible for the area, in-person or postal voting would be preferred. Electronic voting maybe concern for some of our senior residents.

6. METHOD OF ELECTION OF MAYOR

The sector supports:

- (a) As per the current legislation with no change – Class 1 and 2 local governments directly elect the Mayor or President (election by electors' method), with regulations preventing a change in this method.
- (b) Return to previous legislated provisions – all classes of local governments can decide, by absolute majority, the method for electing their Mayor or President.
- (c) Apply current provisions to all Bands of Local Governments – apply the election by electors' method to all classes of local governments.

SOK Position: Current process for band 3-4 Shires is for the President to be elected from the Council Members. This is the preferred method for our Shire. Options (a) and (b) would support this.

RESOLUTION #4427			
Moved: Cr Kerrie Green		Seconded: Cr Darren Pool	
That Council, by Absolute Majority:			
APPROVES the Review of the Delegated Authority Register and confirms delegation of the powers of Council as per the Delegated Authority Register as of 16 th October 2024.			
Carried:7/0			
For:	Cr Kent Mouritz (President) Cr Darren Pool Cr Kerrie Green	Cr Bruce Browning Cr Paul Green	Cr Murray James Cr Brett Smith

Summary

This report is to consider a review of the Delegation Register for the current year.

Background

It is a requirement of the *Local Government Act 1995* (WA) that Council reviews the Delegated Authority listing at least once every financial year.

It is common for this process to be completed in the early part of the financial year to ensure that it does not get missed, creating a compliance issue.

Comment

No changes were made to the Delegated Authority Register. Legislation referred to in the document is up to date.

Statutory Environment

Local Government Act 1995 (WA)

- '5.46 Register of, and records relevant to, delegation to CEO and employees*
 (1) *The CEO is to keep a register of the delegations made under this Division to the CEO and to employees.*
 (2) *At least once every financial year, delegations made under this Division are to be reviewed by the delegator.'*

9.4.5 WAVE ROCK ENTRANCE FEES WAIVER REQUEST

Author: CEO - David Burton
Authorised Officer: CEO - David Burton
Date: 16th October 2024
Disclosure of Interest: Nil

RESOLUTION #4431:			
Moved: Cr Paul Green		Seconded: Cr Kerrie Green	
That Council REJECTS the waiver of the Wave Rock Entrance Fee to the Ngaanyatjarra Lands School for their visit in November 2024.			
			Carried:7/0
For:	Cr Kent Mouritz (President) Cr Darren Pool Cr Kerrie Green	Cr Bruce Browning Cr Paul Green	Cr Murray James Cr Brett Smith

Summary

This report is to consider the waiving of entrance fees for Wave rock for the Ngaanyatjarra Lands School.

Background

The Ngaanyatjarra Lands School have requested a waiver of entrance fees for Wave Rock for a visit in November 2024.

The Shire has previously allowed our local schools waived entry fees to Wave Rock or schools groups that contain local children, but have not allowed other schools close by for classes that are not likely to contain local residents (Kulin District High School – lower grades – August Ordinary Council Meeting)

It is not known if any local families use this school, but it is unlikely.

Comment

Entry for buses (Touring Companies) is charged out at \$5 per person as an entry fee. The normal entry fee for Wave Rock is \$12 per vehicle.

The CEO has delegated authority to waive fees for local schools, which is interpreted as schools within the Shire of Kondinin. As the Ngaanyatjarra Lands School is outside of our area, the waiver of fees must be a Council consideration.

Entry for the group would normally be \$125 (20 Students and 5 staff).

Considering the rejection of other schools with no connection to local residents, a precedent has been established. As such, it is recommended that this waiver of fees not be approved.

Policy Implications

Nil

Financial Implications

The waiver of the fee will reduce the Shire's income by approximately \$125.
