## TOGETHER WE CAN BE DROUGHT RESILIENT

CFIG is seeking input from community members, local not for profit organisations and local government to help identify and plan ways that communities can prepare and adapt for the impact of drought as well as build social resilience.

Grants are available to activate projects, events, initiatives, capability building activities and small scale community infrastructure that will assist people and communities in the Wheatbelt South to prepare for future droughts through improved capability and networks.

An **online information session** for interested community members, local government and not for profit organisations will be held to provide an opportunity to identify priorities for drought resilience, ways to collaborate and how to access grant funding.

**9am – 9.45am      Friday 17<sup>th</sup> March 2023**

To register please email [projects@cfg.com.au](mailto:projects@cfg.com.au) and we will issue you an invite and TEAMS link.

## **An update on the progress of the HYDEN VISITOR CENTRE**

In 2017 the Hyden CRC and the Shire of Kondinin started discussion about a change of location for the CRC that would give more visual access to assist with the viability of the Centre. At about the same time, the Hyden Progress Association started discussions to look at the possibility of “Woodlands Discovery Centre” for Hyden.

In 2018 the Hyden Progress Association bought the block of land west of the IGA carpark, corner of McPherson & Marshall Street, with the intention of working with the Shire of Kondinin and the Community Resource Centre to construct a multipurpose iconic building that would suit the requirements of the various projects.

In 2020 Caroline Robinson (150Square) was engaged by the Shire of Kondinin to assist in documenting the key thoughts regarding the purpose of the building in the Hyden Community, Shire of Kondinin and surrounding areas.

Architects were employed to put forward concept drawings, and the Kondinin Shire applied for funding from the Building Better Regions Fund. They were unsuccessful in Round 5 and due to a technicality did not submit an application in Round 6. With a change of Government the funding no longer exists, but the Labor Government have introduced a ‘Growing Better Regions Fund’ though little detail being released up to this point.

It is proposed that the building will house the Hyden Community Resource Centre, some Shire offices, the Library together with Visitor Information. There will be room for some commercial businesses and a Discovery Centre, with displays and promotion of surrounding tourist attractions, together with displays and videos of the Hyden and Districts history.

We are also investigating options for the current Hyden Community Resource Centre building.

Over the best part of the last 12 months little progress has been made due to lack of funding and the main focus being the Hyden Centenary. During this time, additional information has been sought to strengthen the business case for the Centre and advocacy for consideration of other funding sources. Now that the Centenary is finished the Hyden Progress Association has decided to restart the process of pushing this project for the region.

On December 22nd 2022 a meeting was convened of the Working Group which is made up of key stakeholders who are vested in the building, as well as community members, to decide where we go from here.

I was co-opted onto the Working Group and elected as Chairman at that meeting. Monique Brown & Davina Biglin were elected as Joint Secretary and Steph Whitwell Minute Secretary.

Other members of the Working Group are:

- David Burton - Kondinin Shire CEO, Paul & Kerrie Green - Kondinin Shire Councillors, Josh Whitwell - HPA President, Tyron Utley - HPA Secretary, Gerard Lynch, Catherine Mayfield, Sharon Hinck & Steve Jones.

Since that meeting, Michael Ward has been co-opted onto the Working Group.

Another meeting of the Working Group was held on February 9th 2023. Tasks that have been initiated are:-

1. Research for various funding sources including Federal and State funding. We are conscious of the Hyden Sports Council projects being considered and want to source a majority of our funds from avenues that are unlikely to fund a Sports Council Project.
2. Amend the timeline for the project.
3. Decide on a name for the building. There doesn't seem to be any appetite amongst the Working Group to keep the name Hyden Visitors Centre.

## An update on the progress of the HYDEN VISITOR CENTRE -Continued

Suggestions put forward thus far are:- Hyden Heart, Wave Rock Discovery Centre, Wave Rock Cultural Discovery Centre.

The majority of the Working Group were of the view that as Wave Rock is a world renowned tourist attraction that the words 'Wave Rock' should be in the name.

We invite members of the community to submit their ideas for a name that encompasses the vision for the building. It has been proposed that at the next Working Group meeting on March 30th we narrow the number of suggested names down to three. We will then survey the community to determine the most popular name.

Suggestions for a name needs to be emailed to [projects@hydenprogress.com](mailto:projects@hydenprogress.com) by Wednesday March 29th.

If you have any other thoughts or suggestions on the project please make contact with either myself or a member of the Working Group.

Regards,

Brian Mayfield Chairman

## UPGRADES TO HYDEN SWIMMING POOL CHANGE ROOMS

In January 2023 works commenced upgrading the Hyden Swimming Pool Change Rooms comprising a new roof over the existing building structure and a new internal fit-out to the change rooms. The change rooms have been gutted. Plumbing and works to the roof commenced. Works are on track to be completed by April / May 2023. This project is being funded by the Local Roads and Community Infrastructure Phase 3 Grant funding through the Department of Infrastructure, Transport, Regional Development, Communications and the Arts.

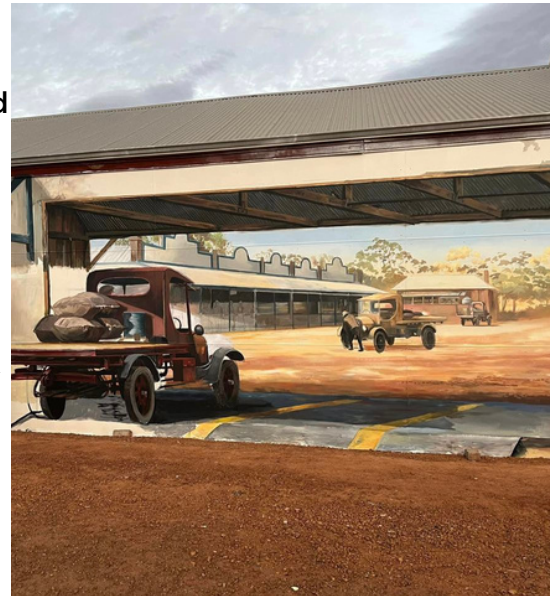

With the building being rendered and new signage being prepared, the Council resolved at its Ordinary Meeting on the 15th of March 2023 to seek community feedback on the proposal to rename the Hyden Swimming Pool from 'Hyden and Districts Swimming Pool' to 'Hyden Aquatic Centre'. Should you wish to provide comment on the proposed name change please complete the survey on the Shire's website [www.kondinin.wa.gov.au](http://www.kondinin.wa.gov.au) or by contacting or visiting the Shire Office or Swimming Pool in Hyden or by emailing [hylib@kondinin.wa.gov.au](mailto:hylib@kondinin.wa.gov.au) for a survey.

## JW WEST BUILDING

Works are well underway with the new mural on the western wall of the JW West Building now owned by the Shire of Kondinin. The new mural depicts the shops that once operated from this building and has been painted in the Trompe-L'oeil style which creates a highly realistic optical illusion of a three-dimensional space and objects on a two-dimensional surface.

The works are being undertaken by Graeme Miles Richards who is an International Mural Artist based in Perth who has made Kondinin home these last few weeks immersing himself in the community and attending the Gourmet in the Garden last week with a few friends from Perth. Feel free to drop in and have a chat to Graeme whilst he works. This project has been made possible through grant funding received from the RAC and the Kondinin Community Recreation Council.

## DON'T MESS WITH THE DUMMIES

Dummies Corp are the Australian circus-comedy specialists, recognised for creations of quality that are intelligent, theatrical, inventive and resonate across generations. Their productions transcend language barriers and their unique brand of dum and delightful has created treasured experiences for audiences across the globe.

Don't Mess with the Dummies performed in Hyden on Friday the 24th February which was a fun family filled night. Thank you everyone for attending.

# **RE-SURFACE OF HYDEN TENNIS COURTS**

Works have commenced with the re-surfacing of the Hyden Tennis Courts and Hotshots / Bumper Board courts and associated drainage works, with the Hyden community undertaking a busy bee on the 9th of March 2023 to remove the old surface. It was all hands on deck and was completed quicker than expected due to all the helpers and coordination of those involved. Drainage works commenced during the week beginning the 13th of March 2023 to be followed up with a new bumper board and lastly the laying of the new surface anticipated to be undertaken in May 2023. The removal of some of the trees on the northern and eastern sides of the tennis courts is scheduled to be undertaken this week.

This project has been made possible through the dedication and commitment of the Hyden Tennis Club who have been the main driver behind this project and have committed 1/3 of the total cost of works. The Shire of Kondinin were successful in receiving 1/6 of the cost of works (\$44, 169) being the maximum that could be received for re-surfacing through the Department of Local Government Sport and Cultural Industries Community Sporting and Recreation Facilities Fund with the remainder of the cost of the project being covered by the Shire.

A big thank you to all the helpers at the busy bee.

# **GOURMET IN THE GARDEN 2023**

Gourmet in the Garden with a Balinese Twist 2023 was an amazing success! Sophie Budd returned to cook for 120 guests this year.

We were lucky to welcome back Mint Events Collective (Simone Lockyer) and her beautiful caravan bar and the amazing singer Sunny Day who kept us entertained with her music.

The garden looked great and this was down to a massive volunteer effort from community members in the lead up to the night.

Thank you to all the people who helped in the kitchen during the day, all those who came to help set up the marquee and the festoon lights, and all the staff at the Shire who helped in so many ways.

The evening was themed around Bali cuisine with a fine menu served up to the patrons.

This year the Shire included a bus from Hyden as we had several residents from Hyden attending the event. This was successful and will be considered for future events.

We are asking that all burning be done when Fire Risk conditions are not rated or moderate.

DO NOT BURN on days when the Fire Risk is High, Extreme or Catastrophic!

## CURRENT PROJECTS ON THE GO

The Shire has several projects on the go at the moment. This is an update on these projects.

- Hyden Swimming Pool change room renovations are underway. We apologise for any inconvenience the renovations have caused, but the change rooms will be much improved.
- Hyden Tennis Court Replacements are underway. Many thanks to the Tennis Club and volunteers who removed the old mats.
- The footpath upgrade to Kondinin Part 2 is currently underway and will link up with the previous works.
- The Shire has received funding for the Community Water Improvements, which be starting soon.

## TREES TO BE REMOVED

In a recent discussion with the Hyden Tennis Club, the issue of the trees between the Tennis Club and the hockey oval was raised.

These river gums are causing significant issues to the Tennis Club building and also the Tennis Courts. They are also causing some of the issues with sprinklers on the hockey oval as was recently found by the sprinklers being root bound from the trees.

In order to protect our assets, these trees will be removed to reduce any further damage being caused.

While the tree pruners are on site the dead trees in the car park to the east of the tennis courts will also be removed.

**Until next time, travel safely.**

**DAVID BURTON**  
CEO
